

Pre-stretched Hand Wrap

The original pre-stretched hand wrap to provide maximum yield and minimum waste.

Features

- Mechanically pre-stretched
- Folded outside edges
- Low gauge, lightweight rolls

Benefits

- Improves yield vs. hand-stretching
- Allows faster and easier wrapping with no loss of load containment
- Reduces “neck-down” during wrapping, providing full use of the film’s width
- Prevents roll damage and waste
- Provides easier handling and more linear footage than most standard film rolls

Applications

- Load Types: A and B
- Warehouse and distribution centers

Sophisticated Films—Doing More with Less

Pre-stretched Hand Wrap

Continued commitment to innovation has kept us an industry leader in stretch film technology for over 40 years, with next generation solutions helping our customers do more with less. Our films lead in pallet integrity, source reduction, and exceptional low cost per load.
