

## Sparking a global revolution through innovation

Revolution set the trend by being a leader in high clarity, puncture resistance, high-speed unwind, excellent cling, and overall containment. This refined film has exceptional memory and pre-stretch capabilities.

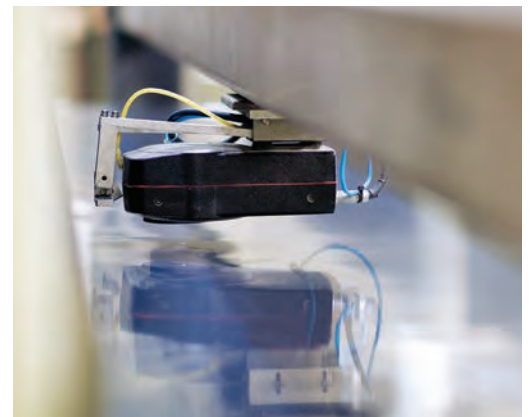

### Features

- Leading containment
- Exceptional puncture and tear resistance
- One-side cling—inside layer has one of the highest tack levels in the industry
- 250–300% pre-stretch capability

### Benefits

- 25% or more down gauge capability, leading to potential cost savings
- While the outside film has a slip layer, tails can be virtually eliminated
- Clarity makes scanning easier
- Increased production from reduction in film breaks and less roll changes

## Premium Performance, Cast, One-sided Cling with Slip
